

onCore m350

Embedded Print Controller for the Minolta Di250/350

Finally. A cost-effective print controller that's actually effective.

The onCore m350 embedded print controller gives you everything you need to print digitally using your Minolta Di250/350 digital copier. And onCore offers a full set of features for printing, making it a truly cost-effective solution.

onCore m350 Driver

Your PC

Minolta Di250/350 with onCore

Print right from your desktop - you have full control over all finishing options, as well as features like duplex, watermarks, and booklet making. And onCore doesn't require a dedicated server, keeping your costs low and your installation simple.

Easy Installation

No dedicated server needed. Start printing immediately with ease.

Finishing Options

Supports all Di250/350 finishers.

Printer Status and Monitor

With the CoreMonitor tool, you can monitor your printer from anywhere on the network.

Job Tracking and Accounting

Assign account numbers to print jobs for easy tracking.
